

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

## PAYMENT OF SALARIES AND COMPENSATION.

---

[1914. Department Circular No. 35.]

TREASURY DEPARTMENT,  
OFFICE OF COMPTROLLER OF THE TREASURY,  
*Washington, August 18, 1914.*

The following information is given for computing annual or monthly compensation for services rendered the United States.

The act of Congress approved June 30, 1906 (34 Stat., 763), provides as follows:

SEC. 6. Hereafter, where the compensation of any person in the service of the United States is annual or monthly, the following rules for division of time and computation of pay for services rendered are hereby established:

Annual compensation shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payments for a fractional part of a month one-thirtieth of one of such installments, or of a monthly compensation, shall be the daily rate of pay. For the purpose of computing such compensation and for computing time for services rendered during a fractional part of a month in connection with annual or monthly compensation, each and every month shall be held to consist of thirty days, without regard to the actual number of days in any calendar month, thus excluding the thirty-first of any calendar month from the computation and treating February as if it actually had thirty days. Any person entering the service of the United States during a thirty-one day month and serving until the end thereof shall be entitled to pay for that month from the date of entry to the thirtieth day of said month, both days inclusive; and any person entering said service during the month of February and serving until the end thereof shall be entitled to one month's pay, less as many thirtieths thereof as there were days elapsed prior to date of entry: *Provided*, That for one day's unauthorized absence on the thirty-first day of any calendar month one day's pay shall be forfeited.

This act is construed as requiring that—

1. Each calendar month shall consist of 30 days, and the computation of salary shall be by each month separately, one-twelfth of an annual salary constituting the compensation for each month.
2. One-thirtieth of a monthly installment of salary is to be allowed for each day of service from the 1st to the 30th, inclusive. The last day of February counts as three days of service for pay purposes (two days in leap years).
3. The 31st day of a month enters into the computation of salary only where there is *one day's* absence in a nonpay status on that day—that is, absence in a nonpay status did not occur also on the 30th. For such absence on the 31st one day's pay is forfeited.

Reference is made to 20 Comp. Dec., 772 and 867.

Department circulars No. 46 of 1904 and No. 67 of 1906 are superseded.

GEO. E. DOWNEY,  
*Comptroller.*

Approved:

Wm. P. MALBURN,

*Acting Secretary of the Treasury.*
